EXECUTIVE SUMMARY

Registration and Licensing Unit is a unit under RICA that registers products, premises and carriers and licenses business operators that comply with minimum requirements basing on laws and regulations in force. It also monitors the use of issued official documents – licenses and certificates.

According to Law N° 36/2012 of 21/09/2012 relating to competition and consumer protection in its articles 11 - 10 limiting the production of goods or services for market to the prejudice of consumers, 46 - criteria for evaluation of delivery of goods and services to consumers, 47 - goods safety and 48 - product quality standards;

And according to the Law N° 31/2017 of 25/07/2017 establishing Rwanda Inspectorate, Competition and Consumer Protection Authority (RICA) and determining its mission, organization and functioning especially in its article 6;

This is a monthly report prepared to publish registered products, premises and carriers and licensed business operators. The list displayed in this register includes 418 seed producers, 1 seed conditioner, 401 agrochemical dealers, 1 manufacturing industry, 27 products, 34 milk collection centers, 30 abattoir and butcherries, 7 farms for export, 435 agrochemical dealer premises, 49 Traders of used EE products and 43 carriers.

The register shows that the total business operators whose licenses are still valid are 9.62% for females, 40.07% males and 50.30% various entities.

Licensed Business Operators

The list of published business operators comprises of 418 seed producers and 401 Agrochemical dealers. Business operators that were licensed prior establishment and approval of the RICA Unique Numbering System (UNS) do not have registration numbers.

25	ROKOSAN RWANDA LTD	% in dry matter: 14 N, 9 P2O5, 14 K2O, 18 species of humic acids,S,B,Fe, Cu,Mn, Zn, Mo	ROKOHUMIN Duplo	Gasabo	Fertiliser	18-Apr-25	3 Years
26	ROKOSAN RWANDA LTD	4.5% N, 13% P2O5, 19.6% K2O, 18 species of amino acids	Rokolan	Gasabo	Fertiliser	18-Apr-25	3 Years
27	ROKOSAN RWANDA LTD	5 N, 9 P2O5, 23 K2O, 18 species of amino acids, S, B, Fe, Cu, Mn, Zn, Mo	Rokoaktiv	Gasabo	Fertiliser	18-Apr-25	3 Years

Registered Premises

This section lists registered premises with valid registration certificates. The validities of these certificates differ depending on the type of the premise and those with no registration numbers and phone numbers were registered prior setting them as requirements to be recorded and before establishment and approval of RICA Unique Numbering System.

SN	Name of Business Operator	Phone Number	Registration Number	District	Type of Premise	Expiration Date	Validity

Registered Carriers

As indicated on this list, the validities of carrier registration certificates are different basing on the category of the transport carrier. Due to the six months grace period given to meat transporters with non-refrigerated carriers, some carriers have the certificates that are valid until November 10, 2022.
